

The Great Fire of London Lotto Game

A game for 2-6 players

You can either print the whole game or choose which boards to print out. Note some boards are harder to read and understand than others.

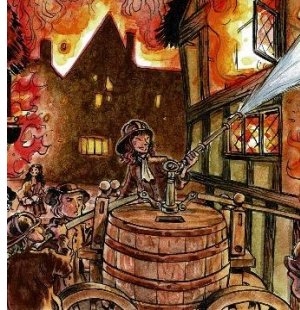

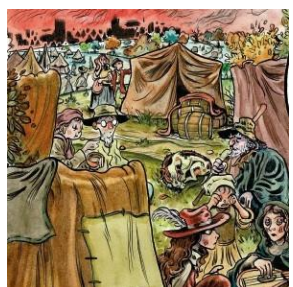

Make sure you print out the cards that go with the boards you want to use and **cut up the picture cards into individual cards but not the boards.**

The instructions for the game are at the end of this document, and the key below will help check the players are matching the right cards.

Enjoy the game.

How to play Great Fire of London lotto

1. Each player choose a board and check you have the correct cards to cover all your squares.
2. Shuffle all players' cards together and place them face down in the middle of the table, so you cannot see what is on them.
3. Each player takes turns to pick a card from the middle and turn it over to look at the picture.
 - If it matches one of the phrases on your word card put the picture over the words.
 - If it does not match, put the picture back in the middle face down and the next player takes a card.
4. The winner is the player who covers all their board.
